To Whom it May Concern

I confirm that Michelle Tear is a gallery artist of Gallery 139. Michelle is scheduled to have an online solo exhibition with Gallery 139 in August 2020 and a solo gallery exhibition in June 2021.

The resilience grant from Australia Council will enable Michelle to fully immerse herself in the creation of new work for these scheduled exhibitions, assist with the presentation of the exhibition (including professional framing and photography) and allow her to financial freedom to develop her overall art practice further.

With kind regards

Ahn Wells
